Mit ma Vernissage am Di 1. For ten countries, we first quantify the bias in the reported number of children, distinguishing fertility measures by age and birth order. On two [occasions] when we did Top of the Pops, we were playing our home- town, Birmingham, on the same evening. My purpose in designing the activity was to engage participants in a concrete language learning experience, through which they could perceive directly and reflect upon the principles that would drive the rest of the workshop.
